

# JENNY VEENS

Front-End Developer

I'm a front-end developer based out of Toronto. I solve problems using clean, semantic code and solid logic. I'm passionate about creating interactive web experiences that inspire and engage users. I have an uncanny ability to absorb knowledge and welcome opportunities to add to my skill set.

## SKILLS / TOOLS

HTML5	CSS3 / Sass	JavaScript
jQuery	WordPress	Sublime Text
Git / GitHub	APIs (Ajax)	Responsive
